Reno. Nevada.

Aug 14" 1888.

I have an old copper penny of 1795 which I would like to dispose of, and was advised to write to the Mint for information as to its value.
I read not long ago, of a man in New England who has a penny of 4 years later issue then mine and claims his to be the oldest in existance and values it at $5.00.
Will you kindly tell me where I can sell mine at a good premium. I enclose stamp for a reply by mail.

Very Respt
Mrs Jesse DeGroft
